

Issue receipts and tax invoices on paper or as e-Tax

One platform in your web browser. Nothing to install, and it connects to the systems your business already uses.

Internationally certified
ISO/IEC 29110 software engineering standard by TÜV SÜD

Two ways to issue documents

Start on paper and move to e-Tax when you are ready.

Paper originals

All packages

- ✓ Start right away, no electronic certificate needed
- ✓ Print documents or send PDFs by email
- ✓ Store and search past documents

e-Tax Invoice & e-Receipt

SME and Business packages

- ✓ Digital signatures on PDF and XML files
- ✓ Submit data to the Revenue Department from Leceipt
- ✓ Works with TDID or INET electronic certificates
